Falcon Newsletter

JULY 2017 - Second Edition

Clubs and Activities

This school year St. Rose of Lima School will introduce a series of clubs and activities for students to participate in during period nine. When students return in the Fall, they will be provided an overview of each activity as well as the age appropriateness for the activity. There will be something for all students in grades K to 8. Last week at our New Teacher meeting some of the first year staff indicated that they will be creating a club as well. Look for this list to expand in the future.

Below is a list and a short description of the Clubs that will be available (students will receive additional information about the clubs in the Fall):

Volleyball Club

- Students participate in the game of volleyball for fun.

Choral Club

- Students participate in learning new songs. Some for fun, some for performance.

Animals are Awesome Club

- Where one learns about a different animal every week (facts and habitats) and do art and academic projects relating to that animal.

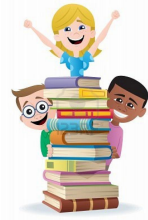

Book Club

- Students read books of various genres and discuss their readings with students and staff.

Art Club

- Students will be working in various art forms with a product as the goal.

Board Game Club

Calling all 5th through 8th graders!!!

- Do you like challenging your friends to a strategic battle of the minds? Do you like coming together for a friendly game of Monopoly, RISK, or any other of your favorite games? If so, then come join us in the St. Rose of Lima Board Game Club! You can play one of our games or bring your own (game suggestions wanted).

Scrabble Club

- This club is designed to improve a student's vocabulary through the fun activities of scrabble.

Service Crafts Club

- Service crafts where the kids can make rosaries or crochet hats and small blankets. The first rosary made will be theirs and any subsequent rosaries will be collected and donated either to a mission or a needy parish. The hats and/or blankets will be donated to a local hospital for their NICU or Labor and Delivery Unit

Sign Language Club

Sign Language Club

- Students will learn the alphabet then take that knowledge to expand to words and even how to sign songs.

Lexia Learning Club (For identified students using Lexia)

- Lexia's goal is to empower teachers with technology to individualize learning paths for students who struggle with reading skills. The club provides students with time to ask questions and maximize the program.

Cooking

- This club is designed to teach students how to make basic foods so that they may cook for themselves. Safety in the kitchen will be a major part of this club. The first session will be for 7th and 8th graders so to acclimate them to the preparation and cooking process.

National Junior Honor Society

- Students are recommended and selected for this club based on academic standing and teacher recommendation.

Student Library Aides

- Students will learn how to work in a media setting and be part of promoting reading among all students and staff.

Photography Club

- Students will learn the basic fundamentals of photography. They will attend various St Rose of Lima events and provide pictures for placement in various online and print media.

Book Talk Club

- More information to come.

Broadcast Club

- Students learn the basics of in-school media production. Students will be trained to conduct on air live and tape delayed broadcasting that will take place throughout the school live.

Vocations Letter Writing Club

- This club will meet in the first semester. Students will compose vocations letters to be distributed during Catholic Schools Week. Open to all grades.

Lego Club

- Open to students of any grade level. Come join us for some fun as we build various structures with Legos.

Next Issue: an update on STREAM Program!

Summer Coffee with the Principal

We had our first Coffee with the Principal last week.

If you were unable to attend, please join us for one days listed below.

August 1st - 10:00 am

August 16th - 6:00 pm
