

URGENT ACTION REQUESTED

Please call your District Legislators to help St. Rose of Lima students gain access to important security funding for our school. These bills would give **\$11.3 million** to non-public schools for security needs.

Here is what you can say when you call:

"Please Support the Bills S3080 and A4597 on Monday, December 17th. Please Vote in Favor of increasing security funding for students in nonpublic schools, so that all students in the state of New Jersey may be as safe as possible."

Even if you don't typically make phone calls like this, please consider helping!

Thank you and God Bless,

Deacon Joseph Rafferty

Principal, St. Rose of Lima School
