

St. Rose of Lima School

Intent to Return Form

December 17, 2020

Dear Parents and Guardians of St. Rose of Lima School,

It is that time of year again to begin the planning for the next school year (2021-2022). This year, it is more important than ever that we complete the registration process as soon as possible. Current families are given the chance to re-register before we open registration to outside families. This year we have a significant number of people on a waiting list hoping to obtain a spot at St. Rose of Lima School. Therefore, we will need to be stricter on our deadlines for re-registrations this year, so we can have an accurate student count for each grade level.

The most important reason for pre-planning is the budget and decisions concerning tuition and fees. Our full intention is to be very sensitive to the economy and the financial status of everyone. Our hope is to keep tuition very close to the current rate. Tuition provides at least 80% of the necessary income to provide for our programs and materials. The most important factor for setting tuition amounts is based on enrollment numbers.

Please complete the information below and submit this form as soon as possible. In early January, 2021 we will begin sending out official re-registration documents and asking for your re-registration fees.
